# Merry Christmas Everybody!

This is the Christmas Slipper store! No two ways about it, as we've everything in Slippers for everybody!

### Santa Claus Always Gets His Slippers Here!

We've Slippers in all styles and for every member of the family.

Our Slipper Show is so large that we dare not attempt a description of the many styles.

We have certainly the handsomest Slippers that are made, and we are showing many styles you'll not be able to find in other stores!

## Tilden Shoe

The House of Better Shoes BARRE, VT.

REVAMPING THE RURAL SCHOOLS it. Why is it we have been so long in

A Successful Experiment in South Carolina.

To continue our description of the model rural school, begun recently, the groups: Some girls were making launchildren while in the garden lay out dry bags, handkerchiefs, etc., a group of some rows of beans, which they have boys were planning a net with which to previously tested, the teacher taking capture a bumble-bee for the museum, a this opportunity to give an informal teacher was conducting a history recitatalk on the various varieties, habit of tion, another a class in arithmetic, while growth, etc. After a discussion has been outside seated on the gro a little girl carried on as long as possible without was reading "Robinson Crusoe" to a fatiguing the children, they go indoors much interested group of children. There one of the older scholars writes on are days when the entire school goes out the blackboard a number of new words into the woods and fields to gather specabout beans, in three columns-name imens for the museum and to observe words, descriptive words, and action wild nature, days when similar excur-These are spelled and their sions are made to see what rivers are, meaning explained, while during the day and lakes and hills and valleys, or to the pupils follow the development of the study relies of local history, and what bean and make a picture of them in their was done with beans is repeated by various stages of growth. From these teaching about corn, wheat, fruits and words and pictures they make a bean vegetables and flowers. Thus we made a book which tells in sequence the story tour from the schoolroom to the workof the bean from testing seed through to shop, then to the museum with its colharvest. A natural sequence to the bean lection of insects, plants and patterns, book is a volume on some weeds from and then to the sewing-room, where ev-"Our Bean Plot," illustrated. Here then ery activity was purposeful and nat- H. B. The Easy Way to Get Rid of Tormenting, Unsightly Skin Eruptions.

If your skin itches and burns with eczema or other tormenting, unsightly skin trouble, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Oint-

The itching stops instantly, you no longer have to dig and scratch, sleep becomes possible, and healing begins at once. That is because the soothing, antiseptic Resinol medication strikes right into the surface, arrests the action of the disease and lets the tor-tured, inflamed skin rest, almost al-ways restoring it to perfect health— quickly, easily and at little cost.

Resinol Soap and Resinol Ointment are also speedily effective in even severe and stubborn cases of pimples, blackheads, dandruff, sores and piles. Prescribed by doctors for over nineteen years, and sold by practically every druggist. For free trial, write to Dept. KK, Resinol, Baltimore, Md. Don't be deceived by inferior "substitutes." Neighbors at lower Cabot numbering

### CANCER OF THE BREAST.

Each Year 7,000 Women Die From That Disease.

Seven thousand women die from can-G. M. Webster is very low at the preser of the breast each year in the United nt time, with no chance of recovery. Mrs. M. E. Byron of North Montpelier States, according to the estimate of the spent a few days at Mrs. E. A. Merritt's American society for the control of caner. According to the United States Mrs. Ella Kittredge spent = few days census, there were 4,431 deaths from this disease in 1912 in the registration area, which represented at that time a litng the winter with her daughter, Mrs. tle over 60 per cent of the population of the country.

In each of these 7,000 cases there was house for the winter and gone to Barre to the home of her brother, Charles Ken a time when the disease was curable. Unfortunately, it is not always discovred in the early stage. But nature nearly always gives a timely warning. Fletcher hospital Wednesday for a few Alert intelligence and a prompt visit to days, when he will return for a final or- a good surgeon would save a great pro portion of the women attacked by this Mr. and Mrs. Isane Tabor of North disease.

Calais were guests at H. H. Foster's Sunday, Mrs. Tabor remained through the of Mrs. Harrison," the cancer society week with her aged father, who is in poor has recently told how one wise woman took the step in time and averted the Miss Leda Stevens of Barre is a guest terrible danger in which she found herthis week of her sister, Mrs. L. W. Burself. Years later her friends, seeing her looking so well and happy, envied her because "she had never been sick a day Don't forget the chicken pie supper at the Congregational church Friday evenin her life!" It will be said that such cases are exceptional. So they are be-Mr. and Mrs. Floyd Freeman have ause, unfortunately, such wise and courmoved in with Loverin Lyford and will ageous patients are exceptional. It is a pity that information and education about cancer are not universal. It is a pity that instead of knowledge that saves, we see daily evidence of superstition that kills. It is a pity that a sinde precious moment after the discovery operation at Cottage hospital, Woodsville, N. H., the day before Thanksgiving. of symptoms is ever wasted in listening to criminal quacks who promise cure without the use of the knife and employ internal stimulants and external pastes which are either useless, or in such hands, dangerous.

As a result when the sufferer does finally come to the surgeon she comes as last resort, too often boping or even expecting him to accomplish the imposai-
